The revised bills now received are in respect of leper patients. The revised bills in respect of mental patients will presumably follow.

We asked for revision with effect from 1938-39. Mysore Government have agreed to this and have revised the bills with effect from their official year 1938-39. Bills in respect of subsequent quarters (beginning from quarter ending Decr. 1939) have apparently been prepared in accordance with the revised rates. They were sent to DM for check & transmission to AG. Draft submitted. Before issue of draft Collector and District Magistrate may see U.O. (X)

Budget section

We have requested provision for this

22.4.41

28 The payment may be sanctioned subject to the following remarks.

1. The cost of special medicines supplied to C.&.M.Station patients during the year works out to Rs.1,530-5-0 as below against Rs.1,500/- sanctioned. The excess debit may be required to be written back in bill for next quarter.

Quarter ending	30-6-40 ...	Rs.985-11-0
" "	30-9-40 ...	Rs.449-12-0
" "	31-12-40 ...	Rs. 99-14-0
		Rs.1,535- 5-0

29 2. There is a rise in expenditure in this quarter which appears to be due to increased expenditure under contingencies. The rate is shown as Rs.0-3-3 per head against Rs.0-1-2 and Rs-0-0-9 during the preceding two quarters. Reasons for the increased rate may be called for.

The practice has been to adjust the bills for all the four qurs. the same year to which they relate. This procedure may be adopted this year also as otherwise the budget provision for the last quarter will lapse.

The bills in respect of the lepers for the last quarter of 1940-41 has also not been received from the Mysore Government. They may be reminded. ~~both as regards the mental patients and lepers~~.

Please see S.N.10 and 11 of R.F.540-39.

The bills for the quarters ending September 1938 to September 1939 have been revised, resulting in a refund of Rs.4,556-1-5. The bills for the subsequent two quarters were apparently prepared on the basis of the revised rates. The Government of Mysore have however revised these bills also, so as to include the maintenance charges of Lawns (a new charge) and this results in a short payment of Rs.470-0-10 to the Mysore Government in respect of these two quarters. The net result of the revision of the bills from the quarter ending September 1938 to March 1940 is a refund of Rs.4,086-0-7.

The refund due to us may be adjusted against the bill for the quarter ending June 1941 and balance, if any, against the next quarter. (The bills up to the end of March 1941 have already been adjusted)

Draft submitted.

The revised bills in respect of the leper patients for the period from 1st July 1938 to 30th September 1939 were already received and adjusted vide S.N.26 and 27.

When all the adjustments relating to the revision of these bills have actually been effected, a report may be sent to the Political Department.

Special medicines.

According to the accounts now furnished by the Govt. of Mysore, the total cost of special medicines supplied to patients in the C & M Station during 1940-41 (quarters ending 30/6/40, 30/9/40, 31-12-40 and 31/3/41) is only Rs. 1435/7/0, whereas according to the information contained in para 28 of notes, the cost is Rs.1,535/5/0 for the first three quarters. (No special medicines were supplied during the last quarter). The difference is due to the cost for the 2nd quarter being only Rs.349/14/- according to Mysore Govt., as against Rs.449/12/- according to para 28 of notes. If the Mysore Government figures are correct, there has been no excess payment. The F. A. may kindly check the figures.

was reported that the probable amount due for the last quarter would be Rs.4,500/- and we surrendered the extra provision. The adjustment of the present bill will result in an excess of about Rs.1,400/- over the modified appropriation which will have be explained in the Appropriation Report.

In the endorsement to the Mysore government, they may be asked to state what this sudden large increase is due to inviting reference to letter of the Superintendent, Mental Hospital quoted above.

Cost of maintenance of mental patients belonging to Station - Bill for the quarter ending 30th September 1939 - Your letter No.D.Dis.F.500-39/G&A., dated the 18th December 1939.

- - -

In returning herewith the above bill, I have the honour to state that an excess of Rs.82-14-9 was claimed in the bill for the quarter ending 30th June 1939 and that the Superintendent of the Mental Hospital was asked on the 15th September 1939 to give credit to this amount in the next bill. Subsequently the Accountant General has adjusted the bill after disallowing this excess. This fact was communicated to the Superintendent in this office No.3936-A-39 dated the 31st October 1939 (copy enclosed). In spite of this the Superintendent has by mistake given credit to this amount in the present bill. I would therefore request you kindly to address the Mysore Government to send a revised bill.

SIR,

Subject:- Adjustment of maintenance and dietary charges of the mental and leper patients of the Civil and Military Station, Bangalore.

I have the honour to inform you that the adjustmer referred to above are made quarterly with reference to sanctions accorded by the Hon'ble the Resident and the coun signed bills from the Collector, Civil and Military Station in support of the debit. The statements relating to the previous year (1940-41) were received on dates specified b

	Mental Hospital.	Leper Hospital.
I quarter ...	27-2-1941	November 40.
II quarter ...	-do-	January 41.
III quarter ...	17-5-41	May 41.
IV quarter ...	28-6-41	28-6-41.

It would be seen therefrom that the statements are received at irregular intervals long after the close of the each quarter and that the delay particularly in the last quarter renders the adjustment of transaction relating to t year in the final accounts of the same year difficult. I would, therefore, request you to be so good as to take steps for the submission of the statements within a month after th close of each quarter and that the last quarter not later t the first of June.

The Accountant General, Madras, points out that the quarterly bills in respect of maintenance charges of mental and leper patients of the Civil and Military Station, Bangalore, are received by him at irregular intervals long after the close of each quarter, and that the delay particularly in the receipt of the bill for the last quarter renders its adjustment difficult in the final accounts of the year. He therefore requests that the bills for the first three quarters may be sent to him within one month after the close of each quarter and those for the last quarter not later than the first of June. I am to request that, if there is no objection, the Government of Mysore will be so good as to arrange to send the bills to this Residency in good time so that they may reach the Accountant General's Office on the dates mentioned.

Subject: Bills for the maintenance of mental and leper patients belonging to the Civil and Military Station, Bangalore.

***

S i r,

S.N.46 C.P.60

With reference to your letter No.D.F.500-40/G & A dated 25th July 1941, requesting that the bills be sent to the Residency in good time so that those for the first three quarters may reach the Accountant General, Madras within a month after the close of each quarter and those for the last quarter not later than 1st June, I am directed to state that these bills are based on the actual expenses incurred involving several items, such as charges for lighting, water, maintenance of gardens etc., and some time is naturally taken in getting details of these expenses from the other Departments of Government and in getting the bills scrutinised before they are forwarded to the Office of the Accountant General, Madras, through the Residency.

If, however, the bills are allowed to be prepared on the basis of rates to be fixed for each year calculated on the previ year's actuals, the need for awaiting information from other Departments regarding all the charges and the calculations to be made thereon during each month will be obviated with a considerable saving in time. Each year's rate will, however, vary as it will have to be changed with reference to the previous year's actual charges. It would be then easily possible to arrange for the transmission of these bills

bills within the time suggested by the Accountant General, Madras.

I am accordingly to request you to be so good as to state if the Residency would agree to the altered procedure suggested above.

I have the honour to be,

SIR,

Subject:- Adjustment of the cost of maintenance and dietary charges of mental and leper patients of C & M Station, Bangalore in Mysore State Hospitals.

...

With reference to your letter No. D. F.500-39/ G & A., dated 9-12-1941, forwarding a copy of the reply of the Government of Mysore on the above mentioned subject I have the honour to state that the suggestion put forward in para 2 of the Mysore Government's letter to have the bills prepared on the basis of rates calculated on the previous year's actuals will make the matter simple but is not necessary unless it will help the Resident to control the expenditure against budget provision more easily. The suggestion involves, however, a radical change requiring the approval of the Government of India.

2. I would therefore suggest that the Mysore Government may be requested to state when their figures may be expected for each quarter as it is desirable to adhere to certain dates in respect of these accounts adjustments. Further it may be ascertained if the bills in question may not be prepared and sent to the Resident monthly for

for countersignature to expedite matter though the debits and adjustments may be made quarterly as now.

Sir,

I am directed to refer to your letter No.Pol.904/Medl.10-41-12, dated the 19th November 1941.

2. The Accountant General, Madras, states that the suggestion contained in para 2 of your letter involves a radical change in the existing practice and that, in his opinion, it is not really necessary for the effective control of expenditure against budget provision. He however considers it desirable to adhere to certain dates in respect of these accounts adjustments and requests that, if there is no objection, he may be informed of the earliest dates by which the Government of Mysore could be able to send their bills for each quarter. He also enquires whether it is possible for the Government of Mysore to send the

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Sir,

Bills on account of the maintenance of mental and leper patients belonging to the Civil and Military Station, Bangalore.

With reference to the correspondence ending with your letter No.D.F.500-39/G&A dated 26th February 1942, on the above subject, requesting to be furnished with the information regarding the earliest dates by which this Government can send their bills for each quarter, I am directed to state that the earliest possible date by which these bills can be sent to the Accountant-General may be fixed at two months after the expiry of each quarter, for reason furnished in paragraph 1 of this office letter No.Pol.904 Med.10-41-12 dated 19th November 1941.

As regards the enquiry whether it is not possible for this Government to send the bills in question monthly, although the debits and adjustments may be made quarterly, I am directed to state that it would be inconvenient to do so.

I have the honour to be,
Sir,
Your most obedient servant,

Cost of maintenance of mental patients belonging to the Civil & Military Station, Bangalore, for the quarter ending 31st March 1942.

SN 77 & 83

With reference to your memo forwarding a copy of letter No.D.F. 500-39/G&A dated 3rd June 1942, on the above subject, and enquiring the cause for increase in the amount of the bill over the estimated amount, I am directed to state that it is ascertained from the Superintendent, Mental Hospital, that the increase is due to the following reasons:-

1. The estimates sent by the Superintendent, Mental Hospital, Bangalore, on 6th February 1942 did not include the cost of special medicines. A sum of Rs.639-4-0 is reported to have been spent on this account.

2. The tender rates accepted with effect from 1st January 1942 were higher than those for the year 1941 and therefore there was the increase in amounts of diet bills.
